Las Vegas Spencer Street has a 30" entrance into the lobby with a doorbell for 24 hour assistance. There are accessible routes to all resort facilities, including the game room, fitness center and outdoor pool and spa. Special needs unit are equipped with visual fire alarms. The resort has one TDD unit available.

Special Needs Units

Two bedroom, two bathroom

The special needs unit features a card key lock entry, lever door handle, 33" entry and a level threshold. The king bedroom and accessible bathroom both have 33" of door clearance and lever handles. The bathroom is equipped with grab bars, an 18" toilet, 23" of knee clearance under the lavatory and a 28"x60" roll-in shower. A portable bath bench is also available. The king bed has at least 33" of clearance on both bed sides. The kitchen is small, but has a roll-under sink with 27" of knee clearance, front control stove top and a counter microwave. Living areas are adequate and the 6'x6' patio has 30" access.

There are only a handful of units at this property without steps up to the entry. Of these, the two-bedroom units are the most accessible. However, they are not recommended for mobility impaired guests because the bedrooms only have 27" doorways and the toilets are located in tiny closets with 22" entrances.
