## Special Needs Units

Two-bedroom, two-bathroom

The special needs units all have card key lock entry, lever door handles, level thresholds and 33" entry clearance. Interior doorways for the accessible bedroom and bathroom have 32" of clearance. The special needs bathroom is equipped with grab bars, a 18" high toilet, 26" of partially blocked knee clearance under the lavatory and 41"x 47" roll-in shower with a handheld showerhead and fold down seat. Portable bath stools are also available. The king bedroom has 36" clearance on one bed side. Kitchens have a front control oven/stove and 36" counters and sinks. Dining room tables have 27½" knee clearance and living areas have an open design. There is 32" access and a 1½" threshold providing access to the 5'x 7' deck.

Though all of the ground floor standard units have 32" entries, 32" interior doorways and provide 36" access to one bed side, they are not recommended for mobility impaired guests because the bathrooms are too small to accommodate wheelchairs.
