Special Needs Units

One-bedroom, one-bathroom

Two-bedroom, two-bathroom

All special needs units have card key lock entry, lever door handles, 1¾" thresholds and 33" entry clearance. All interior doorways have at least 33" of clearance. All special needs bathrooms are equipped with grab bars and 16" high toilets. The bathroom in the special needs one-bedroom has a standard 15" tub/shower with curtain; the accessible bathroom in the special needs two-bedroom has a 32"x 45" standing shower with curtain. Portable bath benches with back support and handheld showerheads are available. Bathrooms do not have lavatories with roll-under access. Bedrooms have at least 36" clearance on one bed side. Kitchens have front control oven/stoves and 36" counters. Dining room tables have 27" of knee clearance and living rooms are accessible. 9'x 10' decks have 42" access; however, thresholds are 3½" high.

Though standard units lack grab bars, that is the only major difference between special needs units and standard units. All units have ground floor or elevator access. Other than the absence of grab bars, guests will find all standard units at this property comparable to the special needs units.
