Special Needs Units

One bedroom, one bathroom
Two bedroom, two bathroom

All special needs units feature card key lock entry, lever door handles and level thresholds. All doorways have at least 33" of clearance in the one-bedroom units and 31" in the two-bedroom units. Bathrooms are equipped with grab bars, 18" high toilets, lavatories with 32" of knee clearance and standard tubs/showers with grab bars and hand-held shower heads. Small portable bath seats with back support are also available. Bedrooms have at least 32" of access on both sides of the king-size beds. Spacious kitchens have sinks with 27" of knee clearance, and all kitchen appliances have front controls and are at accessible heights. Living areas are very open, and there is a 42" doorway to a 6'x10' deck.

Though not specifically designed for special needs access, the standard one- and three-bedroom units boast accessible entrances, 31" doorways and bathrooms large enough to accommodate most wheelchairs.
