Resort Features

- Accessible parking
- Automatic lobby doors
- Lowered section at check-in counter
- Elevators
- Accessible route to exercise room and outdoor pool area
- Braille equivalent signage
- Portable bath benches available
- TDD units available

Cascade Lodge features accessible parking, automatic lobby doors, a lowered section at the check-in counter, elevators and accessible routes to the exercise room and outdoor pool area. The surrounding property is level to gently sloping, and Whistler Village has accessible routes to most restaurants and shops. Even one of the gondolas can accommodate most wheelchairs.

Special Needs Units

One bedroom, one bathroom

All special needs units feature card key lock entry, lever door handles and level thresholds. All doorways have at least 32" of clearance. Bathrooms are equipped with 20" high toilets, grab bars and lavatories with 28" of knee clearance. Standard tubs/showers have hand-held shower heads and grab bars. A portable bath bench with back support is also available. Bedrooms are small and only offer 28" of access on a single side of the bed. The kitchens have sinks with 28" of knee clearance, but appliances are not front control models, microwaves are located above the range and dishes are stored in the upper cupboards.

All WorldMark units at Cascade Lodge are one-bedroom similar to the special needs units. Guests will find that the living areas and bedrooms offer comparable accessibility; however, the bathrooms are much smaller and simply will not accommodate wheelchairs.
